tester:	Danica Antonijevic	Test Strategies:	Funcional / User Acceptance testing / black box
data:	07. avg 2021.	Test objectives:	The goals of testing are that the application meets eventual user requirements.
test plan ID	UAT-BB-07082021	Scope of the testing:	Most commonly used application functionalities: Sign in options, main menu, sub-tabs, support options, ordering options, 3D maps and buttons

Colors meaning:	test case Pass
suggestion	test case Fail / BUG
not tested due to lack of resources	

test case ID	Requirements	Pass	Fail	OS	Browser	part of the app	bug descript.	bug priority	additional comment	suggestion for update
A	Set project photo (pop up) - click set photo		yes	Windows 10 vr: 21H1	Google Chrome Vr:92.0.4515.131	Home page	error msg - cannot read property 'type' of undefined	medium	The app can be used, the bug catches the eye of the user because it behaved like a pop-up ad.	I would avoid a pop-up window that causes user dissatisfaction due to a large number of ads on various applications and sites.
A1	Sign in - insideMaps acc	yes		Windows 10 vr: 21H1	Google Chrome Vr:92.0.4515.131	Home - get started				
A2	Sign in - Google acc	yes		Windows 10 vr: 21H1	Google Chrome Vr:92.0.4515.131	Home - get started			e-mail confirmation has received	
A3	Sign in - Live acc / not tested due to lack of resources - I don't have a test account					Home - get started				
A4	Sign in - Apple acc / not tested due to lack of resources					Home - get started
